

Product Change Update

Dear Customer,

This is to inform you that due to new firmware version of CYBER family products (4-20mA and TTL), the communication software needs to be updated from v2.x.x to v3.x.x

Download link: https://drive.google.com/open?id=1CP6V_ny-3YrXpi0jqNjwzNMmTsklYYyQ

Date of issue	March 9th, 2018
Affected part number(s)	CYBER 4-20mA, CYBER TTL, CYBER HEADs
Description of change	<p>The change is mandatory because the old software V2.x.x will no longer be compatible with new CYBER firmware that will be installed on products from April 2018.</p> <p>New software V3.x.x is backward compatible with older firmware.</p>
Reason of change	New firmware version
New part number(s)	None
Functional change impact	New software functionalities (see MT3824 Rev3)
Estimated first ship date	April 2018
